

ARKITEK®

A modern bathroom interior featuring a long wooden vanity with two white rectangular sinks. A large mirror spans the wall above the vanity, reflecting the room and the view outside. To the right, a white freestanding bathtub is elevated on a glass and metal stand. A stack of white towels and a vase of white lilies are placed on the tub's edge. The floor is made of light-colored wood, and a large window in the background offers a view of trees with autumn foliage.
